Dear Head Teacher,

I would like to introduce our Young People's Service at Cavendish Cancer Care. We are a local cancer charity based in Broomhall, Sheffield, offering support to families affected in any way by a cancer diagnosis.

We offer free, short term, therapeutic support to children and young people up to the age of 18 years.

If you could let your staff team know about the Young People's Service and feel free to tell the families you work with about us. If you would like further information, please contact us on 0114 278 4600.

Yours sincerely,

A handwritten signature in black ink that reads "Helen Rufus".
